

# What is KBR's Zero Harm 24/7

## STOP Work Authority

I know KBR leadership will back me up if I stop work when:

- ▶ I feel unsafe
- ▶ A colleague is working unsafely
- ▶ A piece of work equipment is not operating correctly
- ▶ I feel my safety is being compromised by others

If I see something unsafe I will speak up immediately to my supervisor after stopping work.

# Zero Harm 24/7

## Empowerment

**I will only start work when I and my colleagues:**

- ▶ Fully understand the safe method of working for all our tasks
- ▶ Have participated in a TSTI lead by our supervisor
- ▶ Are following the KBR Keys to life and / or Key Office behaviours
- ▶ Have been issued with appropriate PPE and work equipment
- ▶ Are fully prepared to work in a safe manner at all times
